Montpelier's Oldest Citizen.

A man in a State street garage was laboring last evening with a hand saw through a large round chunk of spruce which had been a post in the building but was replaced by steel. The proprietor who came along just then remarked that that particular piece of wood was undoubtedly 75 years old. The man who was cutting thru it was as old as the Egyptian mummies as it seemed petrified.—Montpelier Argus.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards' produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

Buy Coal NOW

While It Is Available

Conditions indicate a scarcity of coal this winter. Production is far below normal. A big demand with the coming of cold weather may cause a serious shortage which means worry and discomfort to the consumer who has not had his bin filled.

We believe it to be an act of wisdom to purchase your coal supply NOW.
